

# ABOUT ANA

**American Nurses Association** is the nation's premier nursing association representing more than **5 million registered nurses** across the country. Founded in 1896, ANA has always been at the forefront of **improving the quality of health care for all.**

## What ANA Does

## Why ANA Matters

**Leading the profession to shape the future of nursing and health care:** ANA supports individuals and organizations to improve patient care and advance the nursing profession. From advocating in the halls of Congress, to setting the bar for credentialing worldwide, ANA exists to give every nurse the best chance of success.

**Empowering Nurses to Excel:** Dedicated nurses deserve the best practice environments, and to be supported to live the healthiest lives. We are committed to safeguarding nurse well-being, for improved patient outcomes and happier nurses.

**Nursing Excellence:** We're supporting nurses to practice to the highest standards, built on ANA Professional Standards including the Code of Ethics.

**Work Environment:** A positive, safe working environment with adequate staffing levels is vital for nurses to provide the highest quality care.

**Health Policy:** Nursing knowledge is vital to inform successful health care policy and react to the changing needs of the health care system.
